Press Release

Furnistore's New Location

Release date: 15th November 2010

Have you heard about Furnistore?

As of 22nd of November Furnistore, East Surrey's only household recycling charity, will be open at their new location of 46 Holmethorpe Ave in Redhill. This new central location allows this young and dynamic charity to easily access all of the East Surrey area.

Since becoming a registered charity in 2000, Furnistore's aim has been to meet the recycling needs of our community. In 2009, Furnistore was able to divert over 90 tonnes of unwanted furniture from landfills, this year our target is 100 tonnes. As East Surrey's only household goods recycling charity, Furnistore collects everything from tables, to TV's. While many of our items are sold on as is, a few of our volunteers are up cycling donated goods and with a few hours of "magic", new items are created and ready to be used. The warehouse is open to the public for purchases or donations. To be as "green" as possible, pick-ups and deliveries are scheduled with a minimum of travel and distance.

If you want to be part of a charity that makes a lasting difference in your community, and can commit a few hours a week or a month, be it answering phones, helping complete paperwork, taking photographs, or being a part of our up-cycling "magic", we welcome you to join us. Furnistore is based around volunteers and everyone is welcome to help

To donate unwanted household goods, small items can always be accepted at our new location. For larger or bulk items, we will collect from you. To arrange a collection, please contact Furnistore on **0845 544 089** or via the website **www.furnistore.co.uk** and arrange a pick up date and time.

Many thanks
Diane
